Assembly of the Presbyterian Church  
in Session at Madison Wis May <sup>20<sup>th</sup></sup> 1880

Whereas in <sup>the</sup> Providence of God the South  
Eastern portion of Alaska has been opened up  
to Missionary effort and the Board of Home  
Missions has established three Mission  
Stations & are arranging for others.

And whereas the General Government

ment of Schools in that section, which will  
increase the Number of Ministers & Teachers.

And Whereas the Oversight & Care of  
a Presbytery are very important in the  
beginning of Mission movements as well  
as after they have gained strength.

And whereas the nearest Presbytery  
is thousand Miles away, & attendance upon  
its courts would consume a Month of time  
& 50¢ in money.

And whereas a Presbytery so dis-  
tant & without any Knowledge or experience  
of a work entirely different from that in  
which the Presbytery is engaged, can  
not wisely & intelligently legislate and  
direct the work in Alaska. Therefore

Dear Brethren

Whereas the Missionaries in this vast Territory of Alaska are so far removed from any Presbytery - being 1000 miles from the nearest that of Puget Sound & 1400 or 1500 from that of Oregon, as to render it impossible on account of the distance, expense & loss of time to attend any such meetings & enjoy their privileges

As there are several Tribes of Indians anxiously awaiting & earnestly inquiring when they can have missionaries & teachers (thus opening up good & promising fields which are liable to be occupied at any time by the Catholics

And as there is now an organized Church at Waukegan with (35) thirty five members and prospect of one soon at Sitka, where there is one resident Minister besides the Missionary and two ruling Elders We most earnestly pray the Assembly to take such steps immediately, as may seem best to its members to secure as the means for organizing a Presbytery, which we deem so essential to the interests of the Church of Christ

Respectfully Submitted

PORT TOWNSEND, WASHINGTON TERRITORY,

May 18, 1880.

My dear Sir,

I came over here from Portland with our mutual friend Mr Marcus Baker of the Coast Survey, who informed me you have recently published a work on Alaska.

Please send me a copy at your earliest convenience, and let me know the cost price and I will remit at once.

Will the reports made by Dr Lindley, yourself and others who visited Alaska last summer be published by your Mission Board or by Congress? I am exceedingly anxious to get hold of them.

If they will not appear in print before the meeting of Congress in next December, if you will supply me with a copy of yours, I will incorporate it in another report I am now preparing upon the Territory.

I am satisfied at having no legislation this session, delay is better than defeat, or even the passage of an incomplete bill.

I hope to be at Washington next winter and take a hand in the fight.

Let me hear from you when the spirit moves you.

Dear Brother

I did not receive  
a letter from you  
this mail. Neither  
did I receive a copy  
of your Book - as sev-  
eral others did this  
mail, I would not  
have spoken about  
it - had you not written  
me some time ago about  
sending me one, so I  
feared it might have  
been lost. I must say  
I never saw such an-  
full pictures in all

my life as some of  
these are, Mine that  
is taken alone for  
instance. It does not  
look any more like  
me than it looks  
like old Shu Haks. &  
I don't think hardly  
as much. Mr Young  
& Mr Bradys both look  
quite well. But my  
special ~~matter~~ object  
in writing at this time  
it is to send you the  
letter I wrote to Mr  
Banning at your request  
long ago. You remember  
he sent me some  
money - & said they wan-  
ted to support a girl in  
the Home. As I had just  
taken a nice little  
girl into the Home

I afterwards named her  
Grace Banning. For  
some reason the letter  
I wrote was sent to  
the Dead Letter Office  
at Washington & returned  
to me. I now send it  
to you & if you see  
fit you can send  
it to him. I presume  
he has thought strange  
that I did not write  
to him - & they have  
perhaps abandoned  
the idea of supporting  
a girl. If so I would  
like to know it, so I  
might give this child to  
another society. The Home  
Building is getting along  
nicely now. The paper &  
muslin came this steamer  
we have the chimneys up

& now the man has commenced whitewashing the outside of the building. We are trying to make garden. But find it hard work to do so & live down here. Then the expense is going to be so much more than any of us thought of. The ground that is intended for the garden permanently has not been cleared, & it will cost one hundred dollars to clear it & get it ready. The garden we are making now is on the cleared ground by the church. I saw we could not get the other prepared in time. I hope we will have money enough sent to finish up everything. But I doubt it. Much love to Mrs J. & the girls.

Yours sincerely

Dear Bro.

I said in my last letter that I would try & give you a short report of our proposed mission-ary expedition to the Hyda indians. if we were permitted to return in safety in time for the next steamer.

The Lord has prospered us abundantly, & we were permitted to make a very pleasant & I trust profitable trip.

We made our trip in a canoe traveling more than four hundred miles. Were gone seventeen days, & visited all the Hyda towns.

Some of the indians were out at their hunting & fishing

posts. but we saw most of the  
head men of each town. & were  
well received by them. We held  
services whenever it was practicable.  
They all seemed anxious  
that missionaries & teachers  
might be sent to them. & at one  
town the chief who entertained  
us said he would give the  
use of his house for a church  
until another building could  
be furnished if a missionary  
would be sent. They want help  
also in their efforts toward  
civilization. They are anxious  
to have a saw mill among  
them. One chief said they did  
not want anyone to bring a  
sawmill & give them lumber  
they would pay for it. He also  
made this remark. "As long as  
they lived in their old indian

houses, so many of them together, & their children were brought up thus they would not be any better, but if they had the help they wanted they were ready to pull down their old houses & build Boston houses. It is my opinion that he struck the nail fair on the head.

There are six or seven towns of them in all, & we mentioned the plan of their giving up their old towns & forming one new one, & the proposition seemed to meet with favor.

There were not so many of these indians as we expected to find. They say they have died off on account of their own bad doings. If they were collected in one town though there would I think be seven or eight.

hundred to thus unite. Every  
body that knows anything of this  
tribe, speaks of them as being the  
most intelligent & honest indians  
on the coast. I think if a mission  
could be established & some good  
Christian would put up a saw  
mill, & have a trading post he  
would do a good business not  
only for himself but the indians  
& thus great good be accomplished.  
We had good weather most of the  
time during our voyage & although  
some of it was a little rough up-  
on the whole I enjoyed "voyaging  
it". We are expecting the California  
any moment, & are anxious to  
get to Sitka. The Missionaries  
here seem to be enjoying them-  
selves, & the work of the Lord seems  
to be prospering.

Yours truly in Christ

G. W. Lyons.

Department of the Interior,

OFFICE OF INDIAN AFFAIRS,

WASHINGTON, May 5, 1880.

MS  
J137

Rev. Sheldon Jackson.  
Denver, Colo.

Sir:

Referring to the assistance in the selecting of Indian children to be educated at Carlisle proffered by you in yours of the 1<sup>st</sup> of Mch last addressed to the Hon. Secretary I have to say:

The Office failed to secure the detail of St. Brown, and Capt. Pratt planned to undertake himself the task of selecting the children and bringing them East; but as soon as he was informed of your offer of assistance he replied as follows.

Rev. Jackson was recently a visitor

'at this school and is fully informed and  
'alive to its best interests and I have no doubt  
'will do the best that can be done to cover  
any order the Dept. might give him.

It is not at all desirable that Dr. Jackson  
"absent for so long a period as this would  
take, and I hope the Dept. will entrust  
Dr. Jackson with the duty."

The next question is whether you will  
be willing to undertake the task especially  
as not being a bonded officer the office  
cannot place a deposit with the railroad  
company. The agents can be authorized  
to draw their money of bringing the children  
to the nearest railroad station, and the  
railroad tickets paid for by the  
Office, but the funds for defraying the

incidental expenses of the journey will have to be advanced by yourself and unfunded. I am by this Office on the completion of the trip. On this account you would have to be most careful to obtain subscriptions in support of the various items of expenditure.

Authority has been granted by the Hon. Secretary for the selection of 50 Aties, 20 Navajos and 10 Pueblos, it being decided that the Navajos need such advantages more than the Pueblos. Capt. Pratt urges the bringing in of 50 Navajos but the funds at the disposal of the Office will not justify so large an expenditure as would be required. It has been suggested, however, that as

the country around Carlisle has a large  
Presbyterian element in it some of the  
churches might be induced by you to  
provide for the support in whole or in  
part, of 25 or 30 Navajos at Carlisle, in  
the same manner as is done in Boston.  
We are assisting the Indian school now at  
Hampton.

An early reply will oblige,

Yours respectfully

W E Frowbridge  
Commissioner.

General Assembly,  
May 1880

Rev. Sheldon Jackson A.D.  
 Madison, Wis., May ---, 1880.  
 Dear Mr. Denver Colo

There are in Arizona  
 probably, 16,000 Indians  
 as follows: Pimas 4000  
 Maricopa's 400, ~~the~~ Puar-  
 ty, 400 Papagos 6000  
 Apaches 4000 and Mojave's  
 1200. The Papagos live  
 much isolated near the  
 Mexican ~~frontier~~ border  
 in villages all the way  
 from near the Colorado river  
 & eastward to Mexico. They  
 cultivate fields at times when  
 they have rain falls during  
 the summer, they raise  
 cattle and ponies and  
 are self sustaining. When  
 ever short of provisions they  
 leave their homes and seek  
 temporary support or relief.

ment in Arizona and  
Mexico, they speak the  
same language as the Pi-  
maras and were formerly  
of the same tribe, differing  
but little from the Pimas in  
characteristics and general ap-  
pearance except that the men  
usually wear shorts and  
hats and the women wear  
long dresses. Quite a num-  
ber of them have been bap-  
tized by Roman Catholic  
priests and the whole  
tribe is claimed by Catho-  
lics as a Roman Catholic  
community.

Some years ago four Catholic  
sisters were employed by  
the Government for sev-  
eral years as teachers for  
them at San Xavier, A. T.  
I am rightly informed the

Government again desires  
to establish one or more  
schools amongst them.  
I have also learned from  
a trustworthy Indian, that  
some influential Papagos  
are anxious to have Prot-  
estant American teachers  
and preachers, instead of  
Mexican Catholics.

~~San~~ Quichas live about 55  
miles south of here are re-  
lated to the Pimas, speak the  
same language, intermix  
and intermarry with  
them and at times work  
for and stay with the Pimas  
for months at a time.

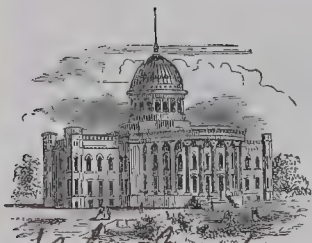

The Apaches are a more  
warlike tribe and are not  
as far advanced in civil-  
ization as the Pimas and  
others, but many years ago

their women were <sup>far</sup> more chaste  
than any other class of Indians  
in Arizona, to the best of my  
knowledge they have no schools  
nor a missionary, I am  
~~convinced~~ persuaded that there  
is not a more hopeful  
field of labor for Christian  
effort and schools among any  
Indians than there.

The Pumas mostly reside in  
large and a num-  
ber of smaller villages near  
the Gila, about 800 reside in  
Salt River valley.

These Indians are farm-  
ers, and sell yearly from  
2000 to 4000 bushels  
of wheat. Like most heathen  
their morals are not good.  
Theft, murder and adultery  
are common vices amongst  
them. The better class desire  
schools for children.

PRESBYTERIAN  
General Assembly,

Madison, Wis., May -----, 1880.

The Indian children readily master writing, reading and arithmetic; it is hard work for them to master the English language.

One difficulty in the way of civilizing this people is no doubt the scant supply of water for irrigating purposes and the not proper husbanding thereof they have.

The Pimas I may say have no religion. They are a people spiritually dead. There are some of good character amongst them. Since the Apaches have been on friendly terms with them it seems to me many of the young men are more wild than formerly -

My Dear Friend,

Your note of the

the 29<sup>th</sup> I received your telegram, and on  
the same day replied - "Report not sent so  
not yet till you hear from me". Mr.  
Townsend has been very unwell for several  
days and the infection has not progressed  
very rapidly. He is not any better, but hopes  
to get off his report in two or three days,  
and I expect to start to Washington  
about the same date. I am very sorry  
that I cannot avail myself of your  
kind and charming letters; but letters  
from you to some of your strong friends  
there will avail me greatly if you will

say in them that you know all about  
my case and that you would like person-

sent myself there with force. I wrote  
Maj. Pulhiser, M.C. on the 26<sup>th</sup> to get per-

telegram, you reply, but have not yet  
received it. If the reply happens to be  
unfavorable I shall be somewhat dis-

work by letters and through others, in  
which case I shall receive help from  
both you and La. Kendall. If I  
am permitted to go, I will telegraph

find them there on my arrival.  
I send you a "New Mexican" with a marked

it in it. The investigation did not  
stop, but it has been progressing for  
a week without a decision. The ~~Suspector~~  
has yet to call on him to sign the  
testimony he had given, and then I  
know not what will happen. ~~nothing~~  
anything to preclude matters I do  
not know. If not, the work may be  
considered nearly done I suppose.  
The "Ring" has been dragging the  
whole Territory for testimony against  
me. The case stands almost exactly  
as it did when you were here.  
Most of the counts stand very decidedly  
in my favor, and a few incline against  
me as you know, but I hope to show them  
all in another light by a personal ex-  
planation ~~the action~~ unless I am shut out of  
Washington. Thanking you very

much for your kindness -

Your favour of the 29<sup>th</sup> Dec was received this morning.

I think, if the Mogpie Agency is again tendered to our Board for nomination, your recommendation of Mr Blakely will be considered sufficient in view of the circumstances; though the Board has always had the understanding with our people that full and fair consideration should be given to each and all of the applicants, and there are some uncommonly well recommended names now waiting here for nomination.

But I write to mention what is of practical moment. That when a nomination is sent in, it is our agreement with the Indian authorities at Washington that the Testimonials on which it is made should also be sent. These are required for the Indian Committee of the Senate. And they should come from several persons, including business men. They should specify four things 1. Integrity, through and through. 2. Business capacity and habits. 3. Energy.

Rev. Sheldon, Jackson

Dear Friend. I

now write you, to express my thankfulness for sending us such a good minister. We were delighted when we received the action of Synod to know that it was Mr. Janeway who was sent here, for we had heard of him. It will take some time to get the church in a flourishing condition again, after such a siege. I feel <sup>that</sup> ~~our~~ prayers were answered. Mr. Smith has returned and is ~~starting~~ <sup>to</sup> doing everything against the church and Mr. Janeway that he dare.

He said in prayer-meeting <sup>last week</sup> that he was exonerated at Presbytry, and Mr. Janeway says next Wednesday evening he is going to read the minutes of Presbytry to the people, for he overheard Mr. S. saying that - "well he did not chuck me off to night. I'll give him some more the next night."

I suppose Mr. Janeway has written to you and told you all about it, so there is no need of my writing any more about it.

We will do every thing for Mr. Janeway  
we can, and try to encourage him, for  
it is not a pleasant thing to fight - Mrs. B.  
We have not heard from Mr. B. for

for some time. I do not know whether  
he at Annas City yet - or not. Mr. Janeway  
is quite anxious to meet him. We enjoyed  
his visit last summer so much, and I hope  
he will come over again this summer.

I must stop writing for this time.  
will write soon again, give my kind  
regards to the rest of the family.

My Dear Sir:

I will send you the money you loaned me in a day or so. I find things a little dull here now.

I was told this morning they are asking for lots in the new town from \$100 to \$500. I am going this P.M. to look after our lot. Haven't but little hope of getting one. Mr Ashley is here, he told Conklin, that he had heard from his Board & they told him hold on to the field. I said all right we don't object.

The old man is evidently  
excited over my coming here.  
I think he & Mr Gale are  
plotting against us, to keep  
us out of the Court House.  
A gentleman said to me this  
morning if they dont share  
the time with you, I will see  
they dont get it either.  
There is a Carpenter Shop I  
think I can get; if so I  
will let them alone; if not  
I will have the Court House  
my share of the time.

What do you say about that?  
I dont want to do anything  
to bring on a quarrel but  
I will not be imposed on  
by these men, for I have  
a right to be here.

Yours in haste  
Josiah McClain.

N.B.

I have just-called to see  
about-our lot. They said we  
will give <sup>you</sup> your choice of lots—  
provided the Church will obligate  
itself to put-up a building  
inside of Six months - worth  
one thousand dollars. Shall I  
secure the lot?<sup>s</sup>

I think I will and run

Rev. Sheldon Jackson D.D.

Dear Bro:

Although I have troubled you twice already with letters since the telegram I sent you, and your answering postal card, yet as the time of departure draws near, I write again for some further information and instruction how to proceed.

Our financial affairs here in the home at Hanover (Mother's) were in such shape that I could not get away in time to be at Presbytery. For this I am exceedingly sorry. I had counted on being there and do regret this hindrance. I shall, however, be able to leave here

in ten or twelve days. Then I shall go to Franklin Ohio where my wife is visiting with her people, and will be ready to start for Denver any day after the ~~27<sup>th</sup>~~ 19<sup>th</sup>.

But I see that you are a delegate to Genl. Assembly, and if we start at that time we will not find you at Denver.

Will you therefore please to give us instructions about the matter of going. Shall we go to Denver as soon as we can get ready?

Where is the best place to stop in Denver? Shall we proceed immediately to Fairplay? To ~~where~~ shall I first present myself there?

I am depending on you for the half fare permit for that section of the road lying

between Chicago & Omaha. I have your card for half fare from Omaha to Denver which I have sent to the Agent at Omaha.

I find I can also get the same favor by the Atchison Topeka & Santa Fe R.R. I suppose that road would give the half fare permit as far as Santa Fe if I should ask it.

Is Las Vegas still open? We had so little knowledge of the fields that our choice was almost a matter of casting lots.

My wife's letters since I left home indicate some wish to see the warmer regions. Some one has furnished her copies of the "Evening" <sup>(Las Vegas N.M.)</sup> and she has some news of that section. But we have had no newspapers from Fairplay or any Colorado points. I do not write of this to make any

trouble in your appointments  
or to show dissatisfaction  
with the arrangement you have  
made for us. It has occurred  
to me that possibly it is more  
easy to find supplies for the  
mountain of Colorado than  
for the less famous N. Mexico.

As for my own case I have  
no predilection for Colorado.  
I want to do my Masters work  
and am as ready for one place  
as another. If you think best  
to send me to one place rather  
than to the other I have nothing  
more to say. Please let me  
hear from you on this sub-  
ject. And make the change  
yourself without further word  
from me if you deem it best.

our daughter S. Morris  
I seen the point he was trying  
to make. & I told him I had  
been a member of the Pres-  
byterian church for 27 years  
& I did not care, he after  
words said it could all  
be fixed up, meaning that  
if we ceased to oppose him  
it would all be right.

Mr. Bell's Brother Joe has just  
come in & says it was him  
that was playing Pool (the

alike)

Dear Sir:

Enclosed you will find a check for \$50.<sup>00</sup> Many thanks for the use of the money. I sent in your application this morning, will know in two or three days what they will do. They will give us one lot I know, but I don't know about more. Will you make application to the Board of Church Erection at once, for at least \$1000, or more if you think you can get it; and we will begin the work at once. My idea is we will put up the walls enclose it and then finish it as we

get the means. At present we  
can do but little with the  
people in the way of raising  
means. Mr Conklin thinks in  
the course of three months will  
be the time to start the sub-  
scription. Perhaps we can do  
something before that, but  
not just now. Hence I thought  
if we could get aid from the  
Board we would begin at  
once. What do you say to  
this? Let me know at once.  
It will be a great help to us  
here if we can show the  
people we have help from  
abroad. Have you seen the  
Las Vegas papers? I havent  
heard from there as yet.  
No work done in the new

The Episcopalians and Methodists are putting forth every effort. As the oldest church here, we ought to have the best building.

I had a postal this morning from Bro. McClain. He writes that it is dull at A. just now, and I was told by a railroad man, that it was doubtful as to whether there would be any growth there at all. Dr. Truwall wishes him to go to Las Vegas, and he is also invited by the people to preach there next Sat., which he will do. Please let me know as early as possible the result of conference with Secretaries.

\$260, which amount was to be included in the \$1000 to be raised here. It will take between \$500 and \$600 to make the necessary repairs, and we can more easily raise \$750 for a new building than \$500 for repairs.

As you will see Dr. Wilson and the Secretaries of the Home Board at the Assembly, it occurred to me that you could arrange the matter for us, or at least open the way for an arrangement, better than I can do from here, as the Secretaries will be there, and probably is very busy in the meantime, so that nothing definite could be done until after the close of the

Assembly. You can there, we do  
it looser and better than I can.

As you see, it involves the dona-  
tion of the lot as well as the grant  
by the Board of Education. By get-

ting the Secretaries together you  
can do in a few minutes, what it  
would require some weeks for me to do.

Please drop me a postal card  
on receipt of this, that I may know  
whether or not to depend on you.

Our Committee are sanguine as to  
raising the proposed amount here.

I think we can do something, too  
in the way you suggested, by an  
appeal through the "Rock Mountain  
Redeemer". We must do the best  
possible, in view of the fact that both

The Episcopalians and Methodists are putting forth every effort. As the oldest church here, we ought to have the best building.

The figures are good, you I think are  
good and there are some more. I see at the time  
who will give and make up for those who are "bad pay"

The trouble about the House is already being  
agitated. Mrs. McCoy has given them to understand  
that we are to have a Minister but half the time and  
that they can have the building or church the ballance.  
They asked me - I told them we had no authority in regard  
to the matter, that if you sent a minister, you would send  
for their action. Now what I have to ask is, can not  
you arrange it so we can have possession of the house  
for the first two months at least. That will settle  
the worst matter, and settle it in a manner that they  
together with those who do not belong to either church cannot  
say how mean, how unchristian. If they get the  
use of it half the time it will just suit them for that  
give them an opportunity to play mean tricks till our  
minister is vanquished and they can get a house built  
of their own. There never has been a better opportunity  
here than at present. With the right kind of money  
and things, we can succeed at the outset. I see no reason why  
he should not succeed. But I beg of you not to conduct a war  
in such a way as to quarrel us up with the other society.  
I would not wish but a failure, and the cause will  
not even hold the ground it does at present. In

my intention it would be far better to send  
the money and be without preaching altogether than  
do that. I write you privately about the matter  
so that you may understand our things and our  
should be able to arrange things  
upon a basis that shall insure success.

Most respectfully yours  
Mary J. Fisher.

Dear Sir.

Yours of the  
11<sup>th</sup> is at hand. I have  
always had a good opinion  
of Dr. Thomas, and I hope  
he may be able to brush  
away the charges which  
from time to time have  
been urged against him.  
I have not heard any-  
thing definite about

the rent matter. If he  
charged the government  
\$500 for rent and only  
paid \$300 I should regard  
that as a serious affair.

I see no way for him  
to appropriate \$200 to his  
own use except by charging  
it on a regular voucher.  
If he did this he did  
wrong. I prefer to believe  
that he did not, and  
that he has a good  
reason to assign for  
retaining \$200 - You can

Depend upon this. He  
will have a fair hearing,  
and no injustice will  
be done - This, I understand  
is all his friends ask.  
He or they could expect  
no more, and <sup>now</sup> be satisfied  
with less. I earnestly hope  
he will stand the test  
and continue in the good  
work for years to come.

I have talked Clark

Rev S Jackson Esq -

Dear Bro - I expected my family would be through with their visit at Washington - and we would be ready to start this week for our work at Mesilla - but just received word - my daughter is now sick with the measles - and we will be detained a week or so yet - I regret this much for our household goods - are all packed, and we have no place - to remain while they are sick except among our kindred - I will leave for Washington soon - and remain until she recovers. I hope my little boy - will not take them for should he - we might be detained sometime yet - I wrote to Mrs Woods at Mesilla about Board etc - I think I shall board with her until I have looked the field over say about fifty or hundred miles around - and see the point where it will be best to so choose keeping - will however as you suggest try Mesilla and vicinity - This year -

I hope you will have a profitable meeting at the assembly and the spirit of the Lord will be with you in all your counsels so that the glory of the Lord may be seen in the extension of his kingdom

My Dear Sir:

Yours of the 11<sup>th</sup> is just at hand,  
and I will with pleasure see the Indian  
Commissioner in relation to the Pueblo  
matter. As I am in a fight with him  
I do not know that my application will  
have any effect. At the same time it can  
be easily made.

I will, also, watch the Alaska  
matter, as you indicate.

With best wishes,

Yours truly,

Dear Sir—

Dear Bro,

I write to ask if you would  
say in which "San Jacinto Valley  
Reservation" north of this place, I can  
be placed under the care of our  
clerk, and our competent man  
in charge of our home or  
Treasury Board. It is for the  
Shoshone tribe amounting \$5000,  
some of them are now in town but  
will leave for the reservation soon.  
I think there are but two people  
not under some other control, &  
there is use of them. If we could  
get a couple of others, we could  
be well taken care of, and  
there would be no trouble for us.

Meeting, of our own interests in  
publicly used, this Church seems  
very near being pabbled up by  
the Methodists, because the Society  
has been, so far away, as to neglect  
anything.

Now, this Presentation is a great  
one & will prove a splendid  
trial for ourselves to come  
on. If anything can be done.  
I should be delighted, and have  
it seems in view who could be  
placed in charge, but who has  
before & some could come there.

Let me hear from you soon.

Dear Sir

When I last met you  
I was confined to my room, and soon  
after I got out again, I was called  
East, and have just returned.  
So I have had but little to do with  
the matter. I have been  
here and told the subject over  
with and he, then, in the evening  
left. Our people here, I think  
wondering very much and have  
been staying out of the way with him  
until he is almost here, but from all  
reports there must have been before  
he came. I have never given him  
a call, and did not intend to until  
the meeting at Newbury, at  
which we are both to be.

Our speech is our power,  
and our power is our people  
and our people is our power. I don't  
feel like there's the same in  
the matter. I don't want  
to attend your house but I don't  
know if you'll let me enter my  
return home.

Curran, N.Y. 27<sup>th</sup> Feb 80

Dear Doctor:

I reached here yesterday travelling as easily as I could. The church is not in such bad condition as I feared, both parties apparently being willing to let bygones be bygones and start afresh. I feel sure that the right man can build up a good strong church by prudent action. But I've tried my experiment and failed. From the effects of my trip in I can see what I would suffer if I had to travel right thro. The railroad will not at

within 100 miles of here for some time  
to come so far as I can learn.

So each trip to Presbytery I will suffer.  
Besides the man stationed here ought  
to be able to make trips into the moun-  
tains to surrounding towns in case of  
need, and I unfortunately cannot make  
a fair day's journey in the saddle.

Mr Darley thought I might use a  
buckboard but it don't pay to drive  
50 miles when you need ride only 25.  
I hoped that I could possibly come up  
to the work by riding but riding is \$1.00  
a ton so that I could not keep a horse.

We looked at the question on all sides  
and think that I ought not to stay here  
I'm sorry for it, too. You were  
right in all that you said about  
the town. It's a pleasant place. A  
man in good business condition  
would enjoy it and do good work among

some very pleasant scoble. I hope  
you will send a good man. I will  
heartily congratulate him on the  
field. If Fairplay or Del Norte are  
still vacant I would be glad to go to  
whichever you think most needed.  
I think a field where I can keep a horse  
and wagon would do me good. I am  
afraid this sounds like croaking about  
my health but the better I feel the bet-  
ter work I can do.

Finally when had I better leave  
here? I would be willing enough  
to work through the summer and do  
all I can for the church, but if the  
people know that I am going to leave  
~~there~~ will hold off to see who my  
successor will be, and if I leave  
without their expecting it ~~some~~ are  
so touchy that I am afraid this will  
be set against the church. The sooner

some one comes the better but I  
think the church can stand being va-  
cant a while. They have a good prayer  
meeting and Sunday school in spite  
of all that has passed and are not  
nearly so badly off as they might  
be. I can't get at the bottom of  
Smith's claim for salary ~~or~~ but I  
think that will be settled without  
much trouble. A good deal will  
be done toward the support of the right  
man. I wish I could stay, but  
I can't. Of that I am sure. I can  
give a first rate report of the place  
to any one who proposes to come in.  
I hope you will find some one soon.

the nation. a week they got  
a petition of 800 names  
to the Board of Missions  
relating to the same. You  
the Board will perhaps  
through their midst the  
saying that the way the  
Missionaries are acting  
is disgraceful. Their object  
is said to be the nation's  
are making people to be  
flame, and are stopping  
the church by everything  
wrong. I am taking  
up the cause, but if  
they will ever go, we

My dear Sir:

I received your letter  
this P.M. and answered by  
Tel. wire at 8 o'clock last P.M.  
There are several reasons why I  
should not. It would be an addi-  
tional expense to make the change;  
it would hurt our cause here.  
Not because I am indispensable to  
our cause, but because of the "Ghosts"  
there. The public are all in a  
state of excitement, and the Board  
was upon your and the Board  
and to make a change in  
council. They have threatened the  
change of the Board, and I am  
not

present time. For me to leave  
here at this time, would be to  
leave up the field to those  
parties. That I would not oc-  
cupy the best place in the  
land, I am here to carry  
this thing through, and I am  
already in a fair way to  
succeed. My congregation is  
increasing right along, and  
the members are very much  
encouraged.

Did you receive my letter  
containing a check - \$5000.  
I have not heard from  
the lawyer about our Church  
lots. Dale would not let  
me have the Court House, and  
I want today they are about  
it - almost time.

Yours in haste,

Dear Sir,

Does the Society know  
of any question that arises  
concerning the fact that  
the doctrine of the resurrection  
is not a doctrine of the  
resurrection of the body, but  
of the resurrection of the soul?  
The reason I ask is, the doctrine  
of the resurrection of the body  
is not a doctrine of the  
resurrection of the soul, but  
of the resurrection of the body.  
The doctrine of the resurrection  
of the soul is a doctrine of the  
resurrection of the soul, but  
not of the resurrection of the  
body. The doctrine of the  
resurrection of the body is a  
doctrine of the resurrection of  
the body, but not of the  
resurrection of the soul.

Dear Dr Jackson,

At the meeting  
of Presbytery at Colo. Springs  
last fall you told Mrs Hacker  
that you could help us to  
procure an organ for use in  
Sabbath School and Church  
Service at reduced rates.

The time seems to have  
come when we cannot well  
get along without the aid  
of an instrument. I write  
to ask for such information  
as you can conveniently  
give in the matter or to be  
put in communication with

the makers or dealers  
from whom it would  
come, as you may think  
best. We shall probably  
be obliged for the present  
to rent an organ but with  
the view of ultimately buy-  
ing it and having the  
rent applied on the fur-  
niture money.

We have quite an en-  
couraging Sabbath school  
here and Father Hamilton  
is still preaching every  
Sabbath. We hope soon  
to resuscitate and reorgan-  
ize the Church here and  
mean to find some way to  
build a Chapel this  
season.

Mrs Walker had a long and  
serious illness, commencing

immediately on our  
return here, and was  
confined to the house some  
three months but is very  
much better now, though  
not entirely well yet.

Rev. S. Jackson D.D.

Dear Bro:

Yours of the

27<sup>th</sup> was recd. yesterday morning.

It is hardly worth while for me to say it contained disappointment for us. Although we had discussed the possibility of leaving Las Vegas, we had not been much impressed with the probability of such a thing, & now, our minds, that felt in degrees settled and prepared for that sphere, are again some distance at sea. Las Vegas has enough of English work to keep us employed while making progress with the learning of Spanish. And then its Mineral

Springs gave good hope of future health, and I must say we were in no small measure anxious for this field. But still we believe there is a better hand than our own that guides our movements and we accept this result as the will of One who does all things well.

And now again as to choice between two other fields. My study before was principally between Las Vegas & Elbuquerque. Now it is upon Alamosa & Silver Cliff. As to latitude and altitude as far as I can learn of the latter, it were best for Mrs. E. at Alamosa. The character of the work, being entirely Mexican we have discussed at some length and are ready to begin to study

its features and demands,  
but it would be sometime  
before we could promise much  
service. It is certainly work  
that needs to be done, and prom-  
ises good results. We should be  
willing enough to be set apart  
to that sort of work, if that  
were the only thing to be taken  
into view. But as I study  
the map I discover the long  
miles of "Marshy lakes" extending  
from far to the North all the  
way down the San Luis Valley  
to the Rio Grande: and this fills  
us with visions of chills and  
kindred troubles from which  
we are just now endeavoring  
to flee. And in addition to  
this we have some troubling over  
the Indian depredations for which  
we are hearing from the south.

On the other hand while Silver  
Cliff seems higher, & is further  
North and is wholly an  
American field it has two  
special inducements - I find  
its mineral springs highly  
spoken of in such references as  
I am able to find - And, there is  
at Rosita a much loved friend  
& Classmate in College, whom  
I would find a great help in  
work there. (S. P. Daly).

I think I should like either one  
of these places better than Fairplay.  
It is too high for us.

And now in our dilemma, ~~it~~  
it be asking too much, for you to let  
us go on to Phoenix, with both  
these fields in view, and decide  
which particular one to labor  
in after we have learned more  
yet concerning them?

Santa Fe, N. Mex.

Rev. Sheldon Jackson D.D.,  
Dear Sir-

I write you  
at the request of Mr. H. M. Cours,  
applicant for the Moquis Agency  
and whom I recommended to you  
a short time ago. Mr. Cours  
states that he had a letter from  
Dr. Lounie in which he says  
that the Moquis are not on  
the list of our Church. I  
thought that as you are about  
to establish a mission out there  
that there must be some mistake

about it, or some misunderstanding  
on the part of Dr. Loring.

Will you please inform me  
immediately just how it is?

Anything you can do to fur-  
ther the arrangement of Mr.  
Gore, will be done in the in-  
terest of an efficient and de-  
serving man, and will be kindly  
remembered by him and recipi-  
tated in the way of furthering the  
interests of the proposed Mission.

Yours faithfully,  
J. H. Biggle.

Dear Brother

I should deem an apology necessary for the quality & quantity of the lunch handed on the train at Monument if a word of explanation were not sufficient to make it plain. There was no time to tie ~~the~~ bundles up - no time to ask for greater variety, & no time to cut another piece of cheese, nor to put in another cracker, but without weighing I snatched the two bundles, & barely got them to the train. ergo &c.

Now my brother while you are East you will doubtless have conference with members of the Board of H.M. I wish

to ask you to try to have  
our salary for the first year  
fixed at \$1500, unless you really  
think that is too much. You  
know how I was cramped &  
embarrassed financially for  
the first 18 months, here & I  
have scarcely recovered from  
the effects thereof yet. Now  
from what you have told me  
I presume that it will cost  
1/3 more to live there than here,  
& \$1000 is none too much here.

I spoke of it in writing to the  
Board. I feel perfectly willing  
to have it reduced after first  
year if it is thought too much,  
but I do want it amply adequate  
the first year. Please ascertain too  
whether my brother's expenses  
will be borne out here to amount  
of \$150. Kind regards from wife, I  
am fraternally Charles A. Taylor

We purpose starting from here on Wednesday Morning June 2<sup>nd</sup>, stopping at Spearville Kansas over the first Sabbath of June and arrive at Pueblo on Tuesday or Wednesday following. If you desire to hasten the determination of our field you could write me at Spearville (if immediately) or at Pueblo. or telegraph me here until I receive ~~Wednesday~~ <sup>Wednesday</sup> Morning — We have everything packed & ready for starting and feel that it will be best for us to be on the way before it becomes too hot & sultry for such a journey.
